Maxisafe Water Cooler Jug

Sizes: 5L + 2.5L

ACJ1201

ACJ1200

When the heat is on, staying hydrated is crucial. The Maxisafe Water Cooler Jug is built tough to withstand the harshest Aussie climates, keeping your drinks cold and refreshing for longer. Perfect for construction, mining, agriculture, and tradies, it's the hydration solution you can rely on.

The Maxisafe Water Cooler Jug keeps your drinks cold for hours, thanks to superior insulation and a rugged, durable design. Whether you're on-site or on the road, this cooler is engineered to deliver cool hydration when you need it most.

Features and Benefits

- **Superior Insulation:**
Keeps drinks cool for long periods, even in hot environments.
- **Retractable Tap (5L model):**
Foldable and recessed for protection from damage.
- **Integrated 400ml Drink Cup:**
Convenient for individual use on site.
- **Flip-Top Drinking Spout:**
Quick and easy access to a cool drink.
- **Robust Integrated Carry Handle:**
Built for easy transport and durability.
- **Wide Screw-Top Lid:**
Makes it easy to clean and fill with ice.
- **BPA-Free**
